

## YEARLY STATUS REPORT - 2021-2022

### Part A

#### Data of the Institution

##### 1. Name of the Institution

SRI ESHWAR COLLEGE OF ENGINEERING

• Name of the Head of the institution **Dr. Sudha Mohanram**

• Designation **Principal**

• Does the institution function from its own campus? **Yes**

• Phone No. of the Principal **04259200300**

• Alternate phone No. **04259200306**

• Mobile No. (Principal) **9842211056**

• Registered e-mail ID (Principal) **sece@sece.ac.in**

• Address **Kondampatti (Post),  
Vadasithur(via), Kinathukadavu**

• City/Town **Coimbatore**

• State/UT **Tamilnadu**

• Pin Code **641202**

##### 2. Institutional status

• Autonomous Status (Provide the date of conferment of Autonomy) **24/06/2019**

• Type of Institution **Co-education**

• Location **Rural**

- Financial Status **Self-financing**
- Name of the IQAC Co-ordinator/Director **Dr. Lakshmanan. M**
- Phone No. **04259200300**
- Mobile No: **9659553557**
- IQAC e-mail ID **deaniqac@sece.ac.in**

**3. Website address (Web link of the AQAR (Previous Academic Year))**

<https://sece.ac.in/wp-content/uploads/2023/07/AQAR-2020-21-SECE.pdf>

**4. Was the Academic Calendar prepared for that year?**

**Yes**

- if yes, whether it is uploaded in the Institutional website Web link:

<https://sece.ac.in/academic-calendar-archive/>

**5. Accreditation Details**

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
<b>Cycle 1</b>	<b>A</b>	<b>3.27</b>	<b>2016</b>	<b>11/07/2016</b>	<b>31/12/2024</b>

**6. Date of Establishment of IQAC**

**02/07/2015**

**7. Provide the list of Special Status conferred by Central and/or State Government on the Institution/Department/Faculty/School (UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC, etc.)?**

Institution/ Department/Faculty/School	Scheme	Funding Agency	Year of Award with Duration	Amount
Dr.R.Suresh Kumar, Mr.K.Sathish, Mr.V.Naveenprabhu	AICTE-ATAL	AICTE-ATAL	16/08/2021	93,000
Dr.W.RajanBabu, Mr.C.MohanRaj	AICTE-ATAL	ATAL - AICTE	26/11/2021	93,000
Dr.L.Raja	SERB-Seminar	DST-SERB	07/03/2022	80,000
Mr.P.Anbarasu	Tech Trend-2021	TNSCST	11/03/2022	20,000
Dr.V.V.Teresa	SPICES	AICTE	25/04/2022	1,00,000
Dr.G.Karuppusami	UBA	MHRD	08/06/2022	50,000

**8.Provide details regarding the composition of the IQAC:**

- Upload the latest notification regarding the composition of the IQAC by the HEI [View File](#)

**9.No. of IQAC meetings held during the year** 1

- Were the minutes of IQAC meeting(s) and compliance to the decisions taken uploaded on the institutional website? **Yes**

- If No, please upload the minutes of the meeting(s) and Action Taken Report No File Uploaded

**10.Did IQAC receive funding from any funding agency to support its activities during the year?** No

- If yes, mention the amount

### 11. Significant contributions made by IQAC during the current year (maximum five bullets)

Spearheaded the preparation for the NBA Compliance Visit of four UG Programs

Pedagogy Initiatives

Participation in NIRF Ranking

There has been a significant increase in the number and quality of faculty publications during the year 2021-22

Students participated and secured awards in Innovation & Design Contests, and Hackathons outside the institution.

### 12. Plan of action chalked out by IQAC at the beginning of the academic year towards quality enhancement and the outcome achieved by the end of the academic year:

Plan of Action	Achievements/Outcomes
To conduct student focused academic and skills development activities.	Different academic and skill development activities are conducted with industry experts for students through various Centres of Excellence (CoEs)
To further enhance research culture in the institute in terms of the volume and quality of research activities.	An exclusive Centre for Research and Development starts functioning in September 2021. The volume and quality of research activities can be enhanced only by constantly motivating the researchers with recognition in the form of awards and incentives. The details about the awards and incentives are published in the research policy.
To develop the process for seed funding and patent filing	Developed the process for seed funding and patent filing and made it available in the research policy.
To conduct Internal Academic and Administrative Audit	IQAC conducted Academic and Administrative Audit of the institute on 16/03/22 to 18/03/2022 and 21/03/2022

Technical Project competitions, Innovation & Design Contests and Hackathons are to be conducted and students from second year onwards must be encouraged to participate in in-house and outside institution.	Students participated in Technical Project Competitions, Innovation & Design Contests, and Hackathons inside and outside the institution.
To have stronger alumni connect	Alumni of SECE provide technical and programming training to the students, guide the students in their projects and also a few alumni are Board of Studies members in different departments.
To construct exclusive building for NSS and Medical Care	Exclusive building was constructed adjacent to the amenities centre for Medical Care on the ground floor and NSS/NCC on the first floor
To install an additional elevator	An additional elevator is installed in the year 2021-22 for the usage of stakeholders.

13. Was the AQAR placed before the statutory body? **Yes**

- Name of the statutory body

Name of the statutory body	Date of meeting(s)
Management	01/09/2022

14. Was the institutional data submitted to AISHE ? **Yes**

- Year

**Part A****Data of the Institution**

<b>1.Name of the Institution</b>	<b>SRI ESHWAR COLLEGE OF ENGINEERING</b>
• Name of the Head of the institution	<b>Dr. Sudha Mohanram</b>

2021-22	15/02/2023

**15.Multidisciplinary / interdisciplinary**

Introducing interdisciplinary or multidisciplinary elements in the curriculum of engineering courses has become an important consideration in modern education. Traditionally, engineering disciplines have been taught siloed, with students focusing on specialized areas of study. However, integrating interdisciplinary or multidisciplinary approaches has gained traction with the increasing complexity of real-world problems and the need for innovative solutions.

Some engineering programs strike a balance by incorporating both interdisciplinary and multidisciplinary elements in their curricula. This hybrid approach allows students to experience the benefits of collaboration across disciplines while retaining depth in their chosen fields.

In conclusion, introducing interdisciplinary or multidisciplinary elements in the curriculum of engineering courses can significantly benefit students and better prepare them for the complexities of the modern world. These approaches foster innovation, problem-solving abilities, and collaboration skills, all valuable assets in the professional engineering landscape. However, implementing such changes requires institutional commitment and collaboration among faculty from different disciplines to create a successful and cohesive learning experience for students.

Our institution has autonomous status enables us to design a flexible, interdisciplinary/multidisciplinary curriculum incorporating credit-based courses, community engagement, and value-based education, resulting in a seamless multidisciplinary holistic education.

**16.Academic bank of credits (ABC):**

The Academic Bank of Credits has been established on the lines of the National Academic Depository (NAD). NAD is the backbone of ABC, where the students' academic data are held, and academic awards are stored (i.e. storehouse of academic awards). Even though ABC enables students to register or commence credit transfer, the final outcomes of credit redemption and issuance of certificates and the compilation of award records are administered by academic institutions via the NAD Platform. Hence, as the academic awards owner, Academic Institutions must mandatorily register themselves under ABC via NAD.

ABC aims to provide a flexible and modular approach to learning and credentialing. It operates on the principle of accumulating and transferring academic credits earned by students from one educational institution to another, facilitating lifelong learning and enhancing educational mobility.

Overall, the Academic Bank of Credits holds the potential to transform the way education is structured and delivered, offering students greater flexibility and lifelong learning opportunities. However, its successful implementation requires careful planning, collaboration, and commitment from educational institutions, policymakers, and stakeholders.

### **17.Skill development:**

Our institution is recognized by many Government bodies to conduct vocational education leading to soft skill development and entrepreneurship development. We won awards as part of skill development programmes at National level. The following are the details.

- National Science and Technology Entrepreneurship Board (NSTEDB), Department of Science and Technology (DST), Government of India has approved establishment of Innovation and Entrepreneurship Development Center (IEDC) at Sri Eshwar vide their letter D.O. No. 11/14/2015-NEB dated 1st Jan 2016. The amount sanctioned is Rs 45.30 Lakhs. We provided skill development programmes using this fund.
- Sri Eshwar was awarded commendation certificate in recognition of outstanding contribution under the category 'Best Organization encouraging entrepreneur in MSME including self-employment through vocational training' by ASSOCHAM, India in 2014-15 on 20th Jan 2015.
- Sri Eshwar has been approved as 'Solar Energy Training Network Partner' (SETNET) by National Institute of Solar Energy (NISE), Ministry of MNRE, Government of India on 9th Feb 2015. We trained 200 candidates in solar technology under this programme.
- Sri Eshwar received national level award as "Best University / Professional institution for skill development" from ASSOCHAM, India. The award was given by Honorable Minister Mr. Rajeev Pradap Rudi, Minister for skill development and Entrepreneurship, Government of India on 9th August 2017.
- Ministry of Micro, Small and Medium Enterprises (MSME),

Government of India, has approved establishment of "Business Incubator" (BI) at Sri Eshwar vide their letter dated 7th Feb 2018. Each BI is expected to help with the incubation of about 10 new ideas or units. The total amount sanctioned for the BI. is Rs 66.50 Lakhs including infrastructure development.

- There are different programmes offered to promote vocational education and its integration into mainstream education.

### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

The appropriate integration of the Indian knowledge system into education can be achieved through a thoughtful approach that respects and preserves Indian culture, language, and traditions while leveraging modern technologies like online courses. Here are some strategies for the integration:

1. Local Language Instruction
2. Culture-Infused Curriculum
3. Indigenous Knowledge and Practices
4. Online Courses with Local Context
5. Collaboration with Local Experts
6. Community Engagement
7. Emphasize Sustainability and Ethical Practices

By adopting these strategies, educational institutions can ensure that Indian knowledge systems are respected, preserved, and passed on to future generations while embracing the benefits of modern technology and online learning. This approach encourages students to develop a strong cultural identity, critical thinking skills, and a deeper appreciation for their heritage.

Our curriculum introduces the following courses to teach them the importance of Indian Ethics and Culture.

U19HS11X: Language Elective Humanities and Social Sciences.

This course mainly discusses on

- Introduction to Effective Speaking
- Different Strategies for Reading
- Group Interaction
- Introduction to Effective Writing
- Effective Writing

**U19MC201: Environmental Science**

This course focuses on

- Environment and Ecosystem
- Environmental Pollution
- Risk and Security of Environment
- Energy Resources
- Social Issues and The Environment

**U19MC202: Indian Constitution and Tradition**

This course focuses on

- History of the Indian Constitution
- Fundamental Rights and Duties
- Federal Structure and Distribution of Powers
- Constitutional Amendments and Emergency Provisions

Right to Equality, Freedom, And Personal Liberty

**19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

Outcome-Based Education (OBE) is an educational approach that defines specific learning outcomes and designs the curriculum, instruction, and assessment to achieve those outcomes. The primary emphasis of OBE is on what students should know, understand, and be able to do at the end of their learning experience. This approach shifts the focus from teacher-centred teaching to learner-centred learning, and it has gained popularity in educational institutions worldwide.

**Key Principles of Outcome-Based Education:**

1. Defined Learning Outcomes
2. Student-Centered Approach
3. Aligning Curriculum, Instruction, and Assessment
4. Competency-Based Progression
5. Continuous Improvement and Feedback
6. Real-World Relevance

**Benefits of Outcome-Based Education:**

1. Clarity in Learning Objectives.
2. Student Engagement
3. Tailored Learning

4. Better Alignment with Industry Needs
5. Continuous Improvement

In conclusion, Outcome-Based Education is an approach that prioritizes specific learning outcomes, student-centred learning, and alignment between curriculum, instruction, and assessment. While it offers numerous benefits, implementing OBE may require overcoming various challenges. However, when effectively executed, it can improve the quality and relevance of education for students.

The institution has initiated many steps towards transforming the curriculum towards Outcome Based Education. As a result, four major UG programs of the institution, i.e., B.E. Mechanical Engineering, B.E. Electronics and Communication Engineering, B.E. Computer Science Engineering and B.E. Electrical and Electronics Engineering are accredited by NBA since 2018, which is a testimony to its focus on the adoption of Outcome Based Education.

#### **20.Distance education/online education:**

SECE recognized the increasing prevalence of online education, particularly in light of technological advancements and the impact of the COVID-19 pandemic and the landscape of engineering disciplines. Embracing this transformative shift, SECE witnessed with online education is the flexibility and accessibility it offers to students. By providing the opportunity to learn at their own pace and from any location with an internet connection, we ensure that our engineering programs are accessible to a diverse and global student body. This flexibility has proven highly beneficial for students managing work or family commitments while pursuing their academic aspirations.

Online education has also allowed us to diversify our course offerings and cater to a wider range of interests and specializations within engineering. SECE provides a more comprehensive selection of courses, including those that may have limited demand in traditional classroom settings. Through this approach, we aim to meet the varied academic needs of our students and prepare them for the multifaceted challenges of the engineering profession.

Moreover, embracing online education enables us to align our courses with industry needs and emerging technologies. By offering specific industry-relevant skills and knowledge, we

ensure our graduates are well-equipped to thrive in the rapidly evolving engineering landscape. This alignment with industry demands strengthens our reputation as a college that produces highly skilled and job-ready engineering professionals.

Collaborative learning has flourished in this digital learning environment as students from diverse locations share insights and experiences. This dynamic interaction fosters a sense of community. It enhances the overall learning experience for our students, empowering them to develop problem-solving abilities and critical thinking skills through collaborative engagements.

While we celebrate the advantages of online education, we are also mindful of its challenges. Engineering education inherently involves hands-on practical training, which we value greatly. We are committed to exploring innovative solutions such as virtual labs and hybrid approaches to ensure our students receive the practical experiences and training essential to their growth as competent engineers.

SECE remains dedicated to shaping a dynamic and inclusive educational environment that nurtures the potential of each student and prepares them to become future leaders and problem solvers in the engineering field. Together, we embrace the transformative power of online education and reaffirm our commitment to excellence in engineering education.

## Extended Profile

### 1.Programme

1.1 12

Number of programmes offered during the year:

Total number of computers on campus for academic purposes		
4.4	1392.34	
Total expenditure, excluding salary, during the year (INR in Lakhs):		

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

Sri Eshwar College of Engineering (SECE) provides a holistic approach to quality-based education and outcome-based learning for all students. The institution strives with a single-minded focus to impart quality education and enables the students to be industry ready and fulfill their career goals. Thus, the student's knowledge and skills are regularly monitored to identify their requirements and are included in the curriculum to bridge the gap between education and employability. The curriculum and syllabi are framed based on the guidelines of

AICTE, UGC, Anna University, and other stakeholders.

Developing and implementing curricula relevant to local, national, regional, and global developmental needs is crucial for educational institutions. This ensures that the education provided aligns with the demands of society and prepares students to address real-world challenges effectively. To achieve this, our institution uses frameworks like Program Outcomes (POs), Program Specific Outcomes (PSOs), and Course Outcomes (COs). SECE sticks to Outcome Based Education (OBE) for the teaching-learning process from 2015 onwards for all its programs.

By aligning these outcomes (POs, PSOs, and COs) with local, national, regional, and global developmental needs, we can ensure that our curricula remain relevant and responsive to the changing demands of society. This alignment helps graduates to be better equipped to contribute meaningfully to their communities and address broader global challenges. Regular reviews and updates of the curricula based on feedback from employers, industry trends, and advancements in knowledge also play a crucial role in maintaining the relevance of the educational programs.

Number of seats filled against seats reserved (Data Template)	<a href="#">View File</a>

### 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

**Slow Learners** Slow learners are adopted by tutors and constantly guided to improve their performance to move them out of the risk of dropping out

slow learners are given extra coaching and care within the working hours of the college.

Periodic counseling and motivational sessions for both the students and parents to support and motivate them.

**Advanced Learners** Advanced learners have the freedom to register and undergo fast-track courses so that they can complete their PE and OE Courses in advance.

Credit transfer is permitted if they successfully complete online courses in SWAYAM and NPTEL

Students Abroad Transfer Programs are organized along with credit transfer to have a holistic development

Advanced Learners are identified by continuous monitoring of their academic performance and participation in co-curricular activities. The following additional supports are provided to enhance their performance and to achieve top ranks in the End Semester Autonomous Examinations

Students who maintain a CGPA of 7.5 and above without any standing arrears at the end of the 4th semester are identified as Advanced Learners.

Facilitation is provided for taking up competitive exams such as GATE, CAT, GRE, TOEFL, etc.

Upload any additional information	<a href="#">View File</a>

## 2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

### Experiential Learning

- Experiential learning comprises learning activities, both inside and outside the classroom, that are designed to actively engage students to learn by doing and then reflecting on the process and experience and actively creating their own understanding.
- In-plant Training and Internships are mandated during

their vacation to have hands-on experience

- The concept of Lab to Class is provided for better understanding and also credentials to the online platforms are provided to learn beyond the classroom
- Mini-project are introduced which makes the learners have experiential learning in their field of study

#### Participative Learning

- To make the classes more interesting and effective, Quiz Programs, Video Clippings, etc. are used through ICT-enabled classrooms.
- In every class, 10 minutes of time is allocated for the students to do a sum up of the topic learned. This is done through recap sessions by the students.
- Various lectures by industry personnel are organized for the students to interact with and know about current technological trends.
- In every class, the faculty asks a logical question for the students to answer.

#### Problem-Solving Methodologies

- Courses on Design Thinking are introduced, which enables the students to approach the given problem in a scientific method
- Case Studies are discussed to approach solutions for real-time problems.

2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

SECE has been constantly striving to move from faculty-centric learning to student-centric learning.

- The institution has always been placing the students at the centre of the teaching-learning process.
- The Vision and the Mission of the institution are to provide holistic education to the students. Keeping the

students? learning at the centre of everything, the institution understands that the teachers have to be reoriented from time to time.

- The institution encourages the staff to undergo training on ICT-enabled teaching, learning, and organizing such seminars and workshops and thereby renders the role of a facilitator.
- Training sessions for placement, seminars, and workshops for knowledge enrichment in various fields are conducted using ICT.
- Well-equipped computer Labs and LCD projectors are available to the faculty members for organizing seminars, conducting workshops, and computer-aided training.
- Students are encouraged to register for online courses offered by MIT EDX, Khan Academy, Coursera, and IITs
- During the lockdown, the online learning management tool "ED-MATRIX" was created for handling the classes through which discussions, quizzes, assessments, and programming experiments were conducted.
- Students are encouraged to view webinars of MATLAB, online ACM webcasts, and NPTEL. Courseware is developed by faculty members and uploaded in ERP for access by students in a secure manner.

The courseware contains

- Lesson plan
- Syllabus
- E-books
- Lecture Notes
- Previous year University question papers
- Question bank with keys
- Objective/ Small questions with answers
- Link to Video materials
- References

#### 2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

Being affiliated with Anna University Chennai, the Institution's calendar is prepared taking various inputs from the University's Academic schedule. Autonomous End semester examinations are conducted as per guidelines specified by the University. In alignment with the institution calendar department's academic calendar is also prepared which includes specific activities of the department like industrial visits, Guest lectures, Students seminars, Faculty seminars, Internal auditing, and all academic-related activities

The academic calendar is the total action plan for various academic activities of the institution which comprises the following:

- Dates for commencement of classes
- Class Committee Meeting Dates
- Online Students Feedback Dates
- Schedule for weekly tests, internal tests, and model exams
- Details of Holidays
- International Days to be celebrated

Internal academic evaluation is done through Continuous Internal Assessment Tests (CIA). Three CIAs are conducted in the semester. All the faculty members and students are expected to adhere to the Institution's calendar and prepare their lecture and assessment schedule accordingly. In view of easy accessibility, the academic calendar is uploaded to the college ERP platform so that students and faculty can plan their activities. In addition to the academic, industrial visits and National and International events are also highlighted. Independence Day, Republic Day, Women's Day, Engineers' Day, and

Teachers' Day are also mentioned in the schedule. All the events are celebrated to provide the real meaning and value of that function.

109

File Description	Documents
Upload the number of complaints and total number of students who appeared for exams during the year	<a href="#">View File</a>
Upload any additional information	<a href="#">View File</a>

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

- ERP tool is integrated into the institution system to capture all the details pertaining to student's admission, attendance, Teaching Learning Process (TLP), and examination process
- CIA marks are entered in the ERP tool which gives the report with all necessary details like class topper, average mark, maximum mark, pass percentage, etc.,
- Collection of Fees, Hall Ticket generation, Result

Process, Result Publication, and applying for re-valuation if needed are all done by an ICT-enabled ERP tool.

- An exclusive dashboard for the COE process is available and all the students are provided with individual login credentials to view their attendance, examination result, etc.
- This tool also enables parents to view their ward's progress regularly
- Apart from the CIA test, marks obtained by students through other assessment tools like Assignments, Quizzes, Presentations, Tutorials, etc., are also captured in the ICT-enabled ERP tool.
- Internal Marks of students are auto-generated by taking into account all the assessment processes used in the TLP.
- Quizzes are conducted in online mode. Clicker based tool is used to conduct quizzes during the class hour which gives instantaneous results and progress of the students.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

Program Outcomes (POs) represent the knowledge, skills, and attitudes the students should have at the end of a program.

Program Specific Outcomes (PSOs) are statements that describe what the graduates of a specific subject or program should be able to do. PSOs are program specific and are written by the department offering the program.

Course Outcomes (COs) are the concepts and skills that students are expected to know and demonstrate upon completion of a particular course.

COs are drafted during the framing of the syllabus of each course and are approved by PAC and BoS.

On the website, under the Academic tab, Curriculum, and Syllabi

are displayed for anytime reference.

Every faculty shares the COs during the first lecture of the course and are made available on the website.

The POs and PSOs of all programs are published on the website and strategic locations of the institute and in the syllabus book of programs.

Thus, the institution has in place well-defined POs and PSOs for all programs and COs for all the courses. These details are published on the institution's website and are integrated with the teaching-learning and evaluation system of the institution.

## 2.7 - Student Satisfaction Survey

**2.7.1 - Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design its own questionnaire). Results and details need to be provided as a weblink**

<https://sece.ac.in/wp-content/uploads/2023/05/21-22-2.7.1-student-satisfaction-survey-institution.pdf>

## RESEARCH, INNOVATIONS AND EXTENSION

### 3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

Sri Eshwar College of Engineering envisions becoming a premier research institution by creating a research culture and nurturing research. To achieve our vision, Sri Eshwar's Centre for Research (CFR) was established. This Centre is headed by Dean-Research & Innovations, supported by Research Advisory Board, Institutional Research Committee, Research ethics committee, Institutional Research Coordinator, and Department Research Heads, who will carry out the research-related responsibilities.

To enhance the quality of research activities, with input from researchers of high experience and reputation, Sri Eshwar has constituted the Research Advisory Board. While the Research Advisory Board will provide input for enhancing the research policies in line with global standards, the Institutional Research Committee will focus on defining the processes and overseeing the effective implementation of these processes in various research activities of the institution.

The availability of required resources is the key to the success of research activities. The management accords extreme importance to this aspect and provides resources for research activities. The institution propagates and practices a high level of integrity in all its research activities. The management firmly believes that the volume and quality of research activities can be enhanced only by constantly motivating the researchers with recognition in the form of awards and incentives. Details about the categories of awards and incentives are available in the research policy. The detailed process for seed funding and patent filing is developed and made available in the research policy.

### 3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

Sri Eshwar College of Engineering has a well-established cell for Research and Innovations (R&I) headed by a Dean of Research & Innovation who has rich experience in industry as well as academia. Also, a self-funded incubation center "Sri Eshwar Ignite Accelerator" is established on the campus with a carpet area of around 2400 sq. ft. to foster the aspirations of student entrepreneurs and innovation among the teaching fraternity and students. Common facilities like tools for rapid prototyping, maker space, project discussion rooms, etc. are provided in the above incubation center. The faculty members are trained by the Institution Innovation Council (IIC) under the Ministry of Education in New Delhi and certified as Level 1 and Level 2 Innovation Ambassadors. Several activities on innovation and entrepreneurship are conducted throughout the year. Frequently, competitions relevant to Innovation like Innovative Project Expo, Ideathon, Boot Camp, etc., are organized to kindle the creativity of the students and the faculty members. Technical and financial assistance is provided to student entrepreneurs

through industry mentors and through government bodies like MSME, IEDC, etc. The sole objective of the Incubation Center is to facilitate students/entrepreneurs to convert their innovative ideas into Technological Innovations.

The Centers of Excellence (CoE) are created with industry collaborations like Cadence, Amazon, BahwanCybertek, Funds India, VRHub, etc., and academic collaborations like NIT, Trichy, IIITDM, Kanchipuram on various thrust areas specified by AICTE.

### 3.6 - Extension Activities

3.6.1 - Extension activities carried out in the neighbourhood sensitising students to social issues for their holistic development, and the impact thereof during the year

SECE has adopted five nearby villages and implemented Unnat Bharat Abhiyan (UBA), a flagship program of the Ministry of Education (MoE), Government of India since 2018. Dr. G. Karuppusami Dean R&I of the college & UBA Coordinator and Tamilnadu Agricultural University as Regional Coordinating Institute (RCI) of UBA program jointly organized development programs related to Solar Technology, environment, healthcare, education, and organic farming at the above villages for the past three years and conducted livelihood solar training program to aspiring candidates. Also, the college focused on providing

better teaching facilities to the Government schools located in the above villages. As an appreciation, MoE recognized Sri Eshwar College of Engineering for the effective delivery of Unnat Bharat Abhiyan (UBA) under national level competition among participating institutes of UBA. and announced on 15th Aug 2020 by UBA National Coordinating Institute IIT Delhi. UBA provided perennial assistance of Rs 1.75 Lakhs to the college. The college has successfully completed the following projects at UBA-adopted villages and inaugurated the same on 12th Jan 2022. The Project "Design of Low-Cost Chaff Cutter for Rural Farmers" was completed and handed over to the former at Kothavadi, a small village located in Kinathukadavu, Coimbatore District on 24.04.2022. Mr. M. Mahaboob, AP/ECE has undergone 90 days of NCC training at OTA KAMPTEE NAGPUR, and he has been commissioned as an Associate NCC officer with the rank of Lieutenant.

### INFRASTRUCTURE AND LEARNING RESOURCES

## 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

The institution facilitates sufficient access to physical facilities and infrastructure in accordance with its Vision "To be recognized as a premier institute, grooming our students to become globally recognized engineers". A major feature of the institution is that its management has extensive experience in teaching and learning. The development of curriculum frameworks and transaction mechanisms ensures that students acquire skills. Institute provides students with a range of imbibed educational values, including collaborative, question-centered, interactive, and exploratory activities for deeper and more experiential learning, such as cooperative and student-centered learning. Smart classrooms, Centre of Excellence, Industry Powered Laboratory, Extended IT Development Centre, NPTEL Local Chapter, Ignite Startup Accelerator, Sri Eshwar Makerspace, computer labs, a central library, a department library, and meeting rooms are all equipped with ICT & Wi-Fi.

Information and network services are readily accessible at SECE. All the academic blocks, laboratories, and hostels are connected over high-speed internet connectivity. All computers are connected to the internet over high-speed cables facilitating the availability of computers to students.

The existing infrastructure is upgraded and/or added as a result of suggestions from the BOS, Academic council, governing council, heads of department, teaching staff, non-teaching staff, and other stakeholders.

4.1.2 - The institution has adequate facilities for cultural activities, yoga, sports and games (indoor and outdoor) including gymnasium, yoga centre, auditorium etc.)

The institution is committed to create a balanced atmosphere of academic part and Games in developing skills such as self-discipline, teamwork, responsibility, citizenship, and self-

initiative. Sports is an integral pedagogical approach to the students inside the campus for the overall personality development by organizing "Techno-Cultural Sports Event".

The Open-Air Theatre was created for conducting various cultural programs and main celebrations.

The department of Physical Education in the college is well equipped with various facilities and a faculty designated as Sports Coordinator is assigned with the responsibility of conducting various tournaments and motivating the students to participate in inter-university and intra-university and other tournaments. In addition, the coordinator maintains sports accessories and supports accessories for indoor and outdoor games.

The indoor game facilities such as Chess, Carom, and Table Tennis, and outdoor games such as Cricket, Volleyball, Basketball, Football, kho-kho, Kabaddi, Handball court, Shuttle court, High jump pit, long jump pit, Pole vault pit. The institution is more focused on the students developing their physical strength and fitness. A classy gymnasium is also facilitated, and various State Level tournaments and central zone tournaments will be organized. The students participated in the various competitions organized by other colleges and won many prizes and were selected as university-level teams in basketball, volleyball, etc.,

## 4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

Name of the ILMS software - IMPRES ERP

Nature of automation (fully or partially) - Fully

Version - 5.6

Year of Automation - 2008

OPAC (Online Public Access Catalogue)

- Web-based OPAC (Online Public Access Catalogue) facility is made available through ERP Library Management Software to know the bibliographical details about the collection
- A separate computer is made available in the Central Library for the web-based OPAC facility. Users from anywhere can search the library collection. Search by giving Title, Author, and Department is provided through OPAC.

Electronic Resource Management package for e-journals

- E-resource packages of DELNET CONSORTIUM are subscribed for the benefit of students and faculty.
- These e-resources can be accessed from anywhere on the SECE campus and link to all e-resources available.
- A link to scholarly open-access journals/databases is also given.
- Federated searching tools to search articles in multiple databases
- Free search engines on the Internet such as Google Scholar, Google, Yahoo, Ask, and Bing are used for searching articles in multiple databases.
- The library has a subscription to the IEEE Xplore where the federated search facility is available.
- In-house/remote access to e-publications
- Institutional Repository
- Content management system for e-learning
- Participation in Resource sharing networks/consortia

#### 4.3 - IT Infrastructure

4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities

The Institution has established a well-defined and documented IT Policy that covers various aspects including Wi-Fi, Cyber Security, IT Asset Management, Network Usage, Data Backup, Installation of IT Hardware and Software, Web Hosting, and E-waste Management.

Budget Allocation for updating IT infrastructure -Considering the various developments in academics viz., additional intake of students, addition of new courses, and replacement of existing old systems, the IT department creates a budget every year and gets the same approval.

Wi-Fi - The institution currently has 200 Mbps of Network bandwidth from multiple service providers to avoid any single-point failure in network bandwidth provision.

Cyber Security - Sophos firewall has been installed to prevent any intrusion into the IT environment of the institution and a potential IT breach. The institution has also invested in an Anti-virus tool viz., Secrite End Point Security software to prevent any potential virus attack that may cause disruption to

the IT services of the institution. Awareness programmes on IT security are conducted for the stakeholders to sensitize them on the importance of the protection of their IT assets and data. The institution has also installed tools to monitor any unusual behaviour of the IT systems to take preventive actions.

#### 4.4 - Maintenance of Campus Infrastructure

##### 4.4.1 - Expenditure incurred on maintenance of physical and academic support facilities, excluding salary component, during the year (INR in lakhs)

1249.23

File Description	Documents
Audited statements of accounts	<a href="#">View File</a>
Upload any additional information	<a href="#">View File</a>

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities – classrooms, laboratory, library, sports complex, computers, etc.

The institution has well-defined procedures for maintaining and utilizing academic and support facilities. The central purchase and stock verification committee ensures that purchase team members follow the right procedures and that stock verification takes place periodically. The classroom, being the most important workstation, is managed with proper systems and procedures as suggested by the stakeholders. The classrooms are well equipped with all modern technology and CCTVs installed on each floor to ensure the safety and security of all students, teachers, and equipment.

Maintenance of equipment by lab technicians and the same verified by the Lab In charge and approved by HODs of the concerned departments. The calibration, repair, and maintenance of sophisticated lab equipment are done by the technicians and frequent AMC follow-ups. Library maintenance by the Librarian and his/her team who ensure the good condition of books, journals, magazines, regular bookbinding, daily newspaper, ejournals, a reference section, ICT, and digital section purchase of new journals and magazines as per stakeholder's

inputs.

The physical Director and his team look after the maintenance of the equipment related to sports. The committee organizes various intra and intercollegiate-level tournaments. And ensures the student's participation and motivation. Maintenance of computers (Hardware and Software). Periodic updation of software related to the administrative and overall maintenance of campus infrastructure that includes computers, copier machines, software, CCTV, Fire extinguisher, garden, security, powerhouse, STP, etc.,

#### 5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

Leadership is a quality that is earned not with money but by the continuous implementation of hard work and trust in oneself. Every student has a skill that should be honed. With the help of the Student Leadership Council and under the guidance of his fellow student, every other student's confidence level and skill set can be improved.

A Leader should represent Team spirit and should lead them with an aura of positivity and charisma.

In the leadership council, all the policies, plans, procedural changes, and projects that should be ideated are brainstormed by the members of the Leadership Council.

Members of the leadership council are selected through a rigorous process.

Competitions and other various programs conducted in the fields of both education and academics can enlighten and entertain students, increasing the participation level of students.

Objectives of the student council:

- To help students earn and protect Individual Rights and

**Responsibilities.**

- To Promote and Encourage the involvement of students in organizing Extracurricular activities.
- To Identify and provide a platform for improving the Technical, Communication, and Leadership skills of students.
- To provide real-life experiences in group development and human understanding.
- To provide essential suggestions to the management in Improving the Quality of campus life in the Institution.
- To help create a Holistic Learning Environment.

**5.4 - Alumni Engagement**

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

SECE Alumni Association was registered in the year 2015. The Association is headed by the president of the Association and supported by the Head of the Institution. It has 7 Executive Committee members in the Association. Yearly once, the General body meeting is conducted and if necessary, the executive members will be replaced based on the decision taken in the meeting. Apart from the Executive Committee, it has faculty alumni coordinators department-wise and student alumni coordinators class-wise, and an Alumni chapter coordinator. The orientation is given to the final year student about the

Association every year. The list of office bearers is updated every year after selecting the alumni student coordinator after the completion of the course. The Alumni website is established in 2016 and it is working well and updated on a daily basis. All alumni records are uploaded and updated by the Alumni whenever there are any changes in their profile.

The 9th Alumni Meet was held on 01/08/2021 and it was well planned by the college Alumni Association. Shri. R. Rajaram, Director presided over the function, Dr. Sudha Mohanram, Principal and office bearers of the SECE Alumni Association were the Guest of Honor.

**GOVERNANCE, LEADERSHIP AND MANAGEMENT**

**6.1 - Institutional Vision and Leadership**

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

SECE is a self-financed autonomous institute. The statutory body of the institute - Board of Management, Governing Council, Academic Council, and Finance Committee are constituted.

Happy people are the most productive. The institute offers several welfare schemes for faculty and staff. The Office of Student Affairs helps students to resolve academic and personal problems.

Internal Quality Assurance Cell (IQAC) helps to improve the quality of academics and administration and enhances national visibility through accreditation and ranking.

To become world-class, an institute should be innovative and research-oriented. To facilitate a research ambience and innovative culture, a separate office of academic research was created on campus.

Without serving society, no research is complete. SECE participates in various social welfare schemes targeting the local community.

File Description	Documents
Upload any additional information	No File Uploaded
Paste link for additional Information	Nil

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

SECE has adopted decentralization, participative management, and empowerment in all academic, administrative, finance, research, and outreach activities.

There are different academic departments, the office of student affairs, the academic office, the IQAC office, the Office of academic research, the library, and the administration office headed by Heads of Department (HOD), Deans, and section heads. They are entrusted with the responsibility of maintaining high standards in academics, administration, and research. The periodic meetings organized at various levels ensure smooth communication among administrators, faculty, staff, and students and effective implementation of the decisions.

In academics, the faculty members decide on all matters right from the formulation of curriculum and syllabus to question paper setting and evaluation. To improve the teaching-learning process, feedback is obtained from the students through endsemester feedback.

SECE follows a decentralized approach to financial management. Deans and HODs have been given the power of sanctioning the money from the budget allotted to the respective department.

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

The strategic plan has been formulated in tune with the vision of the institute to groom students into globally acknowledged engineering professionals. One of the successfully implemented activities under national visibility is to improve the national rankings.

To be in the NIRF ranking and the best in the region.

Emphasis on publishing in Scopus-indexed journals.

Focusing on Product Development and IP generation.

Enhancing interaction with various industries for student internships and projects, consultancy, and industry-sponsored laboratories.

Nurture industrial collaboration to disseminate technical knowledge.

Uplift society by addressing local and regional technical needs.

Establishing Next Gen Centre of Excellence.

Securing projects from Government and Non-Government funding agencies.

Develop a collaborative relationship with leading institutions in India and abroad to accomplish mutual goals.

Ensure higher quality teaching, research, and extension services

Systematize the academic process in curriculum design, content

delivery, assessment, and evaluation.

Introduce industry-relevant elective courses based on emerging needs.

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

The institution has a well-structured internal organization with clearly defined roles, responsibilities, authority, and Key Result Areas (KRAs).

The Governing Council and other statutory bodies like the Academic Council, Board of Studies, and Finance Committee ensure the smooth functioning of the Institution. The Management team comprising the Chairman, Director, and Principal meets the staff twice in an academic year to review academic and administrative functions. Standard service rules and well-established procedures for recruitment, promotion, and grievance redressal are available. The published rules including service rules, policies, and procedures of the institution are available on the college website. A published policy book is also available in the library and department office.

### 6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non-teaching staff and avenues for their career development/ progression

All the Teaching and Non-Teaching staff are paid based on the AICTE 6th Pay Commission. The following are the welfare measures for teaching and non-teaching staff.

Faculty appraisal is conducted with a structured form that counts on the performance and contribution of faculty in academic and other activities.

During the annual day celebration, awards are provided to the teaching & non-teaching members based on their performance.

For any medical need, a medical room is available on campus.

Free accommodation in the hostel for outstation employees.

ATM inside the campus.

Free Wi-Fi inside the campus

Provision for Provident Fund and Gratuity

50% Concession on transport

Free Lunch

Provision for Casual Leave, Medical Leave, Maternity Leave, Child care Leave, Vacation Leave, and Sabbatical Leave

Providing On duty for attending FDP, workshops, training programmes, and National & International Conferences.

The faculty members who are pursuing Ph. D can avail On Duty to carry out any Ph. D related activity

All non-doctoral faculties are encouraged to get enrolled in Ph.D. programs at various Universities.

## 6.4 - Financial Management and Resource Mobilization

### 6.4.1 - Institution conducts internal and external financial audits regularly

Internal Audit is carried out by a team nominated by IQAC office and the reports are obtained prior to the conduct of the external audit which is normally done after the closure of the accounts. During the course of the Internal audit, all procedures are followed to regularize the accounts and to obtain confirmations for the credit balances, to collect documentary evidence wherever inadequate in respect of payments, compliances of T.D.S and statutory formalities and reconciliation of unit-wise balances with the control accounts and banks reconciliations External audit is done by statutory auditors after June 30 of every year. External statutory audit is conducted by the auditors and the final audit report with audit findings is submitted to the management. The consolidation of the findings of the Institution will be completed and the annual returns are submitted to all concerned authorities of the state and central governments. During the audit, the queries raised are addressed by the finance team and the rectification entries are made.

#### 6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

Financial planning and budgeting are an integral part of annual academic planning at the institute. The institute strives to mobilize resources through various avenues and utilizes the funds optimally for its activities in a systematic manner.

Sri Eswar College of Engineering is a self-financed institution, where the funds are generated through the fees paid by the students. The deficit is managed by taking advance from the parent trust. Additional funding is obtained through Research proposals, consultancy works from governmental & non-governmental agencies and industries. These funds are utilized for research and laboratory development. The other sources of income are alumni contributions and donations to the parent trust. The institute has a well-defined mechanism to monitor the effective and efficient utilization of available financial resources for the development of academic processes and infrastructure development.

The institutional budget is prepared by the Accounts department every year taking into consideration recurring and non-recurring expenditures. Accordingly, all academic heads are requested to submit the budget required for the subsequent financial year. Along with this, all coordinators of different cells viz., R& D Cell, Exam Cell, T&P Cell, etc. are instructed to submit their budget to the Account office. All the major financial decisions are taken by the principal and finance committee, and after discussions, the same are finalized.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

Different academic and skill development activities are conducted with industry experts for students through various Centres of Excellence (CoEs)

An exclusive Centre for Research and Development starts functioning in September 2021. The volume and quality of research activities can be enhanced only by constantly motivating the researchers with recognition in the form of awards and incentives. The details about the awards and incentives are published in the research policy.

Developed the process for seed funding and patent filing and made it available in the research policy.

Alumni of SECE provide technical and programming training to the students and guide the students in their projects and also a few alumni are Board of Studies members in different departments.

Quality of Teaching is ensured by reviewing faculty preparedness before the commencement of the course.

Academic Audit is conducted and suggestions are provided for improvement.

Seminars on OBE have been conducted to educate all faculty members on the concepts of OBE and the process of mapping and calculating attainment

An analysis of Outcome attainment is conducted by the departments after the results of the End semester examination are published.

Faculty members are encouraged to publish in quality journals

Awareness programmes on OBE, Swayam-NPTEL, etc are conducted to create awareness among students and faculty on the emerging changes in Academia.

An exclusive building was constructed adjacent to the amenities centre for Medical Care on the ground floor and NSS/NCC on the first floor

File Description	Documents
Upload any additional information	No File Uploaded
Paste link for additional information	Nil

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

Before the commencement of every semester, teachers prepare lesson plan and other activities to be conducted for the course. A question bank with answer keys is also prepared by the teacher. Also, the Course Outcomes (CO) are mapped to Program Outcomes (POs) and Program Specific Outcomes (PSOs) with appropriate relevance and due justification. These records are reviewed by a subject expert and by IQAC to ensure the preparedness of the faculty to take up the course. Class Committee meetings are conducted after every CIA exam and concerns expressed are rectified at the departmental level. Student performance in every CIA exam is analysed and measures to improve the same are being implemented immediately.

The IQAC institutionalized the process of reviewing the teaching learning process through students' feedback, outgoing students' survey, and academic audit. Students' feedback is used as an important tool to close the loop for the teaching-learning process. The feedback collected is analyzed and presented in the IQAC meetings. The meetings result in making recommendations for improvement in the learning experience of students.

Academic and Administrative audits are regularly conducted by IQAC to review the academic and administrative processes of the institute. The guidelines for audit are prepared as per NAAC/NAB quality framework and a brainstorming session on the audit report is organized to review and recommend measures for quality enhancement.

## **INSTITUTIONAL VALUES AND BEST PRACTICES**

### **7.1 - Institutional Values and Social Responsibilities**

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

To promote gender equity on campus, Sri Eshwar College of Engineering takes various initiatives.

- Equal representation of all genders in various roles within the institution, including leadership positions, academic committees, and research programs.
- Human rights course is taught in the regular curriculum.
- Ethics is part of the curriculum, and students are taught ethical values to be practiced in their roles.
- Faculty are encouraged to take Universal Human Values (UHV), an initiative by AICTE. AICTE is orienting the

academic fraternity towards inculcating Universal Human Values (UHV) in Technical Education.

- The entire campus is covered with CCTV cameras to provide security to inhabitants, particularly women.
- A lady doctor is available on campus for medical care during college hours, especially for female students, faculty, and staff.
- Common room for female students.
- Gender Sensitization programs for all students, faculty, and staff members.
- Women Cell is available on campus to create a gendersensitive and supportive educational environment where women can thrive academically and personally, free from discrimination and harassment.
- Women Cell provides counseling and support, addressing gender-based issues, creating awareness, and promoting women's empowerment.
- A Separate sports facility is available for girls hostel.
- A dedicated parlour is available for female students, faculty and staff members.
- Equal opportunities are given to girls and boys in taking up the role of class representative. In each class, there are both boys and girls class representatives.

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

**Solid Waste Management:**

All waste materials, like wrappers, glass, metals, paper, plastics, etc., are collected within the campus, used papers, and workshop scrap and given to external recycling agencies. Biodegradable and non-biodegradable wastes are segregated and disposed of by external agencies. Leaf litter is allowed to decompose systematically over a while and used as manure for the gardens within the institute.

**Liquid Waste Management:**

The liquid wastes generated on the campus include Sewage, Laboratory, Laundry, hostel, and canteen effluent waste. These wastes are treated through Sewage Treatment Plant (STP) on campus. The sludge settled in the STP is removed, dried on drying beds, and used as garden manure.

**Biomedical Waste Management:**

Sanitary Napkins from the girl's hostel are disposed of in an environmentally friendly way.

**E-Waste Management:**

SECE has entered into an MoU with "GREEN INDIA RECYCLERS", which buys our damaged computers and other non-reparable e-waste and issues a recycling certificate. The equipment which cannot be refurbished for re-use is dismantled and remanufactured into raw materials (i.e. metals, plastics, glass) to be marketed as recyclable. In the previous year, 206 kgs of e-waste were collected and sent to Green India recyclers.

**Hazardous chemicals and radioactive Waste Management:**

The laboratory waste water does not contain hazardous chemicals as all the acids are mixed with the base to form the neutral solution and released.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words).

Sri Eshwar college of Engineering is situated in the outskirts of Coimbatore city and admits students from various strata of the society and from different parts the Country. Most of the students come from rural backgrounds and are first-generation ones to take up college education. SECE has been

- Students of different regions study together without any difference of caste or religion.
- English, being the campus language, helps students from various states to adapt quickly.
- The food preferences of students from other states are also taken into consideration and provided in the hostel mess and the canteen.
- The management provides a huge number of scholarships every year to attract students from other states, poor economic backgrounds and students with sports achievements.
- To develop a multicultural and multilingual environment, the students from different states are put together while doing projects and other similar activities.
- Societal consciousness is inculcated among the students by adopting 5 nearby villages under the Unna Bharat Abhiyan Scheme and providing a host of services, leveraging technology.
- Cultural events are conducted to create a bonding among the students from various states and also to provide an opportunity to exhibit their talents.
- German and Japanese language are offered to all students under autonomous stream since 2019.

7.1.9 - Sensitization of students and employees of the institution to constitutional obligations: values, rights, duties and responsibilities of citizens:

The institution has taken up the following initiatives to sensitize the students and employees to their constitutional obligations.

SECE has adopted five nearby villages and implemented Unnat Bharat Abhiyan (UBA), a flagship program of the Ministry of Education (MoE), Government of India since 2018. Dr. G. Karuppusami Dean R&I of the college & UBA Coordinator and Tamilnadu Agricultural University as Regional Coordinating Institute (RCI) of UBA program jointly organized development programs related to Solar Technology, environment, healthcare, education, and organic farming at the above villages for the past three years and conducted livelihood solar training program to aspiring candidates. Also, the college focused on providing better teaching facilities to the Government schools located in the above villages. As an appreciation, MoE recognized Sri Eshwar College of Engineering for the effective delivery of Unnat Bharat Abhiyan (UBA) under national level competition among participating institutes of UBA. and announced on 15th Aug 2020 by UBA National Coordinating Institute IIT Delhi. UBA provided perennial assistance of Rs 1.75 Lakhs to the college. The college has successfully completed the following projects at UBA-adopted villages and inaugurated the same on 12th Jan 2022. The Project "Design of Low-Cost Chaff Cutter for Rural Farmers" was completed and handed over to the former at Kothavadi, a small village located in Kinathukadavu, Coimbatore District on 24.04.2022. Mr. M. Mahaboob, AP/ECE has undergone 90 days of NCC training at OTA KAMPTEE NAGPUR, and he has been commissioned as an Associate NCC officer with the rank of Lieutenant.

## 7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Providing the industry with deployable fresh engineers and thereby reducing their time, effort and cost of training has always been the priority for our institution. When a company recruits students in thousands of numbers, the training cost becomes prohibitive. As an institution, we felt that it is our duty to provide the industry with deployable fresh engineers, as part of our placement commitment. The institution came up with the concept of Centre of Excellence wherein the students recruited by a company during the 7th semester are trained by the identified faculty members during the 8th semester on the curriculum as prescribed by the company. The Centre of Excellence Model was proposed to the industry and looking at its distinctive advantage, 4 companies came forward and have adopted

this model. The institution is committed to train the recruited students in any technology as prescribed by the company. Where the institution does not have the capability to train the recruited students in technology, the faculty members are deputed to the industry to learn the same on a Train. The trainer mode, equip themselves, comes back and teaches the recruited students. The institution has been a pioneer in propagating the model of the Centre of Excellence since 2015. We started with one company and today work with 4 companies on this model. By working with industries on the COE model, the institution is able to attract more companies for recruiting its students.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

Sri Eshwar College of Engineering (SECE) provides a holistic approach to quality-based education and outcome-based learning for all students. The institution strives with a single-minded focus to impart quality education and enables the students to be industry ready and fulfill their career goals. Thus, the student's knowledge and skills are regularly monitored to identify their requirements and are included in the curriculum to bridge the gap between education and employability. The curriculum and syllabi are framed based on the guidelines of AICTE, UGC, Anna University, and other stakeholders.

Developing and implementing curricula relevant to local, national, regional, and global developmental needs is crucial for educational institutions. This ensures that the education provided aligns with the demands of society and prepares students to address real-world challenges effectively. To achieve this, our institution uses frameworks like Program Outcomes (POs), Program Specific Outcomes (PSOs), and Course Outcomes (COs). SECE sticks to Outcome Based Education (OBE) for the teaching-learning process from 2015 onwards for all its programs.

By aligning these outcomes (POs, PSOs, and COs) with local, national, regional, and global developmental needs, we can ensure that our curricula remain relevant and responsive to the changing demands of society. This alignment helps graduates to be better equipped to contribute meaningfully to their communities and address broader global challenges. Regular reviews and updates of the curricula based on feedback from employers, industry trends, and advancements in knowledge also play a crucial role in maintaining the relevance of the educational programs.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

**Slow Learners** Slow learners are adopted by tutors and constantly guided to improve their performance to move them out of the risk of dropping out

Slow learners are given extra coaching and care within the working hours of the college.

Periodic counseling and motivational sessions for both the students and parents to support and motivate them.

**Advanced Learners** Advanced learners have the freedom to register and undergo fast-track courses so that they can complete their PE and OE Courses in advance.

Credit transfer is permitted if they successfully complete online courses in SWAYAM and NPTEL

Students Abroad Transfer Programs are organized along with credit transfer to have a holistic development

Advanced Learners are identified by continuous monitoring of their academic performance and participation in co-curricular activities. The following additional supports are provided to enhance their performance and to achieve top ranks in the End Semester Autonomous Examinations

Students who maintain a CGPA of 7.5 and above without any standing arrears at the end of the 4th semester are identified as Advanced Learners.

Facilitation is provided for taking up competitive exams such as GATE, CAT, GRE, TOEFL, etc.

## 2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

### Experiential Learning

- Experiential learning comprises learning activities, both inside and outside the classroom, that are designed to actively engage students to learn by doing and then reflecting on the process and experience and actively creating their own understanding.
- In-plant Training and Internships are mandated during their vacation to have hands-on experience
- The concept of Lab to Class is provided for better understanding and also credentials to the online platforms are provided to learn beyond the classroom
- Mini-project are introduced which makes the learners have experiential learning in their field of study

### Participative Learning

- To make the classes more interesting and effective, Quiz Programs, Video Clippings, etc. are used through ICT-enabled classrooms.
- In every class, 10 minutes of time is allocated for the students to do a sum up of the topic learned. This is done through recap sessions by the students.
- Various lectures by industry personnel are organized

for the students to interact with and know about current technological trends.

- In every class, the faculty asks a logical question for the students to answer.

**Problem-Solving Methodologies**

- Courses on Design Thinking are introduced, which enables the students to approach the given problem in a scientific method
- Case Studies are discussed to approach solutions for real-time problems.

File Description	Documents
Upload any additional information	<a href="#">View File</a>

**2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning**

SECE has been constantly striving to move from faculty-centric learning to student-centric learning.

- The institution has always been placing the students at the centre of the teaching-learning process.
- The Vision and the Mission of the institution are to provide holistic education to the students. Keeping the students' learning at the centre of everything, the institution understands that the teachers have to be reoriented from time to time.
- The institution encourages the staff to undergo training on ICT-enabled teaching, learning, and organizing such seminars and workshops and thereby renders the role of a facilitator.
- Training sessions for placement, seminars, and workshops for knowledge enrichment in various fields are conducted using ICT.
- Well-equipped computer Labs and LCD projectors are available to the faculty members for organizing seminars, conducting workshops, and computer-aided training.
- Students are encouraged to register for online courses offered by MIT EDX, Khan Academy, Coursera, and IITs

- During the lockdown, the online learning management tool "ED-MATRIX" was created for handling the classes through which discussions, quizzes, assessments, and programming experiments were conducted.
- Students are encouraged to view webinars of MATLAB, online ACM webcasts, and NPTEL. Courseware is developed by faculty members and uploaded in ERP for access by students in a secure manner.

The courseware contains

- Lesson plan
- Syllabus
- E-books
- Lecture Notes
- Previous year University question papers
- Question bank with keys
- Objective/ Small questions with answers
- Link to Video materials
- References

2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

Being affiliated with Anna University Chennai, the Institution's calendar is prepared taking various inputs from the University's Academic schedule. Autonomous End semester examinations are conducted as per guidelines specified by the University. In alignment with the institution calendar department's academic calendar is also prepared which includes specific activities of the department like industrial visits, Guest lectures, Students seminars, Faculty seminars, Internal auditing, and all academic-related activities

The academic calendar is the total action plan for various academic activities of the institution which comprises the following:

- Dates for commencement of classes
- Class Committee Meeting Dates
- Online Students Feedback Dates
- Schedule for weekly tests, internal tests, and model exams
- Details of Holidays
- International Days to be celebrated

Internal academic evaluation is done through Continuous Internal Assessment Tests (CIA). Three CIAs are conducted in the semester. All the faculty members and students are expected to adhere to the Institution's calendar and prepare their lecture and assessment schedule accordingly. In view of easy accessibility, the academic calendar is uploaded to the college ERP platform so that students and faculty can plan their activities. In addition to the academic, industrial visits and National and International events are also highlighted. Independence Day, Republic Day, Women's Day, Engineers' Day, and Teachers' Day are also mentioned in the schedule. All the events are celebrated to provide the real meaning and value of that function.

Upload any additional information	<a href="#">View File</a>

### 2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

- ERP tool is integrated into the institution system to capture all the details pertaining to student's admission, attendance, Teaching Learning Process (TLP), and examination process
- CIA marks are entered in the ERP tool which gives the report with all necessary details like class topper, average mark, maximum mark, pass percentage, etc.,
- Collection of Fees, Hall Ticket generation, Result Process, Result Publication, and applying for re-valuation if needed are all done by an ICT-enabled ERP tool.
- An exclusive dashboard for the COE process is available and all the students are provided with individual login credentials to view their attendance, examination result, etc.
- This tool also enables parents to view their ward's progress regularly
- Apart from the CIA test, marks obtained by students through other assessment tools like Assignments, Quizzes, Presentations, Tutorials, etc., are also

captured in the ICT-enabled ERP tool.

- Internal Marks of students are auto-generated by taking into account all the assessment processes used in the TLP.
- Quizzes are conducted in online mode. Clicker based tool is used to conduct quizzes during the class hour which gives instantaneous results and progress of the students.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

Program Outcomes (POs) represent the knowledge, skills, and attitudes the students should have at the end of a program.

Program Specific Outcomes (PSOs) are statements that describe what the graduates of a specific subject or program should be able to do. PSOs are program specific and are written by the department offering the program.

Course Outcomes (COs) are the concepts and skills that students are expected to know and demonstrate upon completion of a particular course.

COs are drafted during the framing of the syllabus of each course and are approved by PAC and BoS.

On the website, under the Academic tab, Curriculum, and Syllabi are displayed for anytime reference.

Every faculty shares the COs during the first lecture of the course and are made available on the website.

The POs and PSOs of all programs are published on the website and strategic locations of the institute and in the syllabus book of programs.

Thus, the institution has in place well-defined POs and PSOs for all programs and COs for all the courses. These details are published on the institution's website and are integrated with the teaching-learning and evaluation system of the institution.

## 2.7 - Student Satisfaction Survey

**2.7.1 - Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design its own questionnaire). Results and details need to be provided as a weblink**

<https://sece.ac.in/wp-content/uploads/2023/05/21-22-2.7.1-student-satisfaction-survey-institution.pdf>

## RESEARCH, INNOVATIONS AND EXTENSION

### 3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

Sri Eshwar College of Engineering envisions becoming a premier research institution by creating a research culture and nurturing research. To achieve our vision, Sri Eshwar's Centre for Research (CFR) was established. This Centre is headed by Dean-Research & Innovations, supported by Research Advisory Board, Institutional Research Committee, Research ethics committee, Institutional Research Coordinator, and Department Research Heads, who will carry out the research-related responsibilities.

To enhance the quality of research activities, with input from researchers of high experience and reputation, Sri Eshwar has constituted the Research Advisory Board. While the Research Advisory Board will provide input for enhancing the research policies in line with global standards, the Institutional Research Committee will focus on defining the processes and overseeing the effective implementation of these processes in various research activities of the

institution.

The availability of required resources is the key to the success of research activities. The management accords extreme importance to this aspect and provides resources for research activities. The institution propagates and practices a high level of integrity in all its research activities. The management firmly believes that the volume and quality of research activities can be enhanced only by constantly motivating the researchers with recognition in the form of awards and incentives. Details about the categories of awards and incentives are available in the research policy. The detailed process for seed funding and patent filing is developed and made available in the research policy.

**3.3 - Innovation Ecosystem**

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

Sri Eshwar College of Engineering has a well-established cell for Research and Innovations (R&I) headed by a Dean of

Research & Innovation who has rich experience in industry as well as academia. Also, a self-funded incubation center "Sri Eshwar Ignite Accelerator" is established on the campus with a carpet area of around 2400 sq. ft. to foster the aspirations of student entrepreneurs and innovation among the teaching fraternity and students. Common facilities like tools for rapid prototyping, maker space, project discussion rooms, etc. are provided in the above incubation center. The faculty members are trained by the Institution Innovation Council (IIC) under the Ministry of Education in New Delhi and certified as Level 1 and Level 2 Innovation Ambassadors. Several activities on innovation and entrepreneurship are conducted throughout the year. Frequently, competitions relevant to Innovation like Innovative Project Expo, Ideathon, Boot Camp, etc., are organized to kindle the creativity of the students and the faculty members. Technical and financial assistance is provided to student entrepreneurs through industry mentors and through government bodies like MSME, IEDC, etc. The sole objective of the Incubation Center is to facilitate students/entrepreneurs to convert their innovative ideas into Technological Innovations.

The Centers of Excellence (CoE) are created with industry collaborations like Cadence, Amazon, BahwanCybertek, Funds India, VRHub, etc., and academic collaborations like NIT, Trichy, IIITDM, Kanchipuram on various thrust areas specified by AICTE.

### 3.6 - Extension Activities

3.6.1 - Extension activities carried out in the neighbourhood sensitising students to social issues for their holistic development, and the impact thereof during the year

SECE has adopted five nearby villages and implemented Unnat Bharat Abhiyan (UBA), a flagship program of the Ministry of Education (MoE), Government of India since 2018. Dr. G. Karuppusami Dean R&I of the college & UBA Coordinator and Tamilnadu Agricultural University as Regional Coordinating Institute (RCI) of UBA program jointly organized development programs related to Solar Technology, environment, healthcare, education, and organic farming at the above villages for the past three years and conducted livelihood solar training program to aspiring candidates. Also, the college focused on providing better teaching facilities to the Government schools located in the above villages. As an appreciation, MoE recognized Sri Eshwar College of Engineering for the effective delivery of Unnat Bharat Abhiyan (UBA) under national level competition among participating institutes of UBA. and announced on 15th Aug 2020 by UBA National Coordinating Institute IIT Delhi. UBA provided perennial assistance of Rs 1.75 Lakhs to the college. The college has successfully completed the following projects at UBA-adopted villages and inaugurated the same on 12th Jan 2022. The Project "Design of Low-Cost Chaff Cutter for Rural Farmers" was completed and handed over to the former at Kothavadi, a small village located in Kinathukadavu, Coimbatore District on 24.04.2022. Mr. M. Mahaboob, AP/ECE has undergone 90 days of NCC training at OTA

**INFRASTRUCTURE AND LEARNING RESOURCES****4.1 - Physical Facilities**

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

The institution facilitates sufficient access to physical facilities and infrastructure in accordance with its Vision "To be recognized as a premier institute, grooming our students to become globally recognized engineers". A major feature of the institution is that its management has extensive experience in teaching and learning. The development of curriculum frameworks and transaction mechanisms ensures that students acquire skills. Institute provides students with a range of imbibed educational values, including collaborative, question-centered, interactive, and

exploratory activities for deeper and more experiential learning, such as cooperative and student-centered learning. Smart classrooms, Centre of Excellence, Industry Powered Laboratory, Extended IT Development Centre, NPTEL Local Chapter, Ignite Startup Accelerator, Sri Eshwar Makerspace, computer labs, a central library, a department library, and meeting rooms are all equipped with ICT & Wi-Fi.

Information and network services are readily accessible at SECE. All the academic blocks, laboratories, and hostels are connected over high-speed internet connectivity. All computers are connected to the internet over high-speed cables facilitating the availability of computers to students.

The existing infrastructure is upgraded and/or added as a result of suggestions from the BOS, Academic council, governing council, heads of department, teaching staff, non-teaching staff, and other stakeholders.

4.1.2 - The institution has adequate facilities for cultural activities, yoga, sports and games (indoor and outdoor) including gymnasium, yoga centre, auditorium etc.)

The institution is committed to create a balanced atmosphere of academic part and Games in developing skills such as self-discipline, teamwork, responsibility, citizenship, and self-initiative. Sports is an integral pedagogical approach to the students inside the campus for the overall personality development by organizing "Techno-Cultural Sports Event".

The Open-Air Theatre was created for conducting various cultural programs and main celebrations.

The department of Physical Education in the college is well equipped with various facilities and a faculty designated as Sports Coordinator is assigned with the responsibility of conducting various tournaments and motivating the students to participate in inter-university and intra-university and

other tournaments. In addition, the coordinator maintains sports accessories and supports accessories for indoor and outdoor games.

The indoor game facilities such as Chess, Carom, and Table Tennis, and outdoor games such as Cricket, Volleyball, Basketball, Football, kho-kho, Kabaddi, Handball court, Shuttle court, High jump pit, long jump pit, Pole vault pit. The institution is more focused on the students developing their physical strength and fitness. A classy gymnasium is also facilitated, and various State Level tournaments and central zone tournaments will be organized. The students participated in the various competitions organized by other colleges and won many prizes and were selected as university-level teams in basketball, volleyball, etc.,

## 4.2 - Library as a Learning Resource

### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

Name of the ILMS software - IMPRES ERP

Nature of automation (fully or partially) - Fully

Version - 5.6

Year of Automation - 2008

OPAC (Online Public Access Catalogue)

- Web-based OPAC (Online Public Access Catalogue) facility is made available through ERP Library Management Software to know the bibliographical details about the collection
- A separate computer is made available in the Central Library for the web-based OPAC facility. Users from anywhere can search the library collection. Search by giving Title, Author, and Department is provided through OPAC.

Electronic Resource Management package for e-journals

- E-resource packages of DELNET CONSORTIUM are subscribed for the benefit of students and faculty.
- These e-resources can be accessed from anywhere on the SECE campus and link to all e-resources available.
- A link to scholarly open-access journals/databases is also given.
- Federated searching tools to search articles in multiple databases
- Free search engines on the Internet such as Google Scholar, Google, Yahoo, Ask, and Bing are used for searching articles in multiple databases.

- The library has a subscription to the IEEE Xplore where the federated search facility is available.
- In-house/remote access to e-publications
- Institutional Repository
- Content management system for e-learning
- Participation in Resource sharing networks/consortia

**4.3 - IT Infrastructure**

4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities

The Institution has established a well-defined and documented IT Policy that covers various aspects including Wi-Fi, Cyber Security, IT Asset Management, Network Usage, Data Backup, Installation of IT Hardware and Software, Web Hosting, and E-waste Management.

Budget Allocation for updating IT infrastructure -Considering the various developments in academics viz., additional intake of students, addition of new courses, and replacement of existing old systems, the IT department creates a budget every year and gets the same approval.

Wi-Fi - The institution currently has 200 Mbps of Network bandwidth from multiple service providers to avoid any single-point failure in network bandwidth provision.

Cyber Security - Sophos firewall has been installed to prevent any intrusion into the IT environment of the institution and a potential IT breach. The institution has also invested in an Anti-virus tool viz., Seqrite End Point Security software to prevent any potential virus attack that may cause disruption to the IT services of the institution. Awareness programmes on IT security are conducted for the stakeholders to sensitize them on the importance of the protection of their IT assets and data. The institution has also installed tools to monitor any unusual behaviour of the IT systems to take preventive actions.

1249.23

File Description	Documents
Audited statements of accounts	<a href="#">View File</a>
Upload any additional information	<a href="#">View File</a>

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities – classrooms, laboratory, library, sports complex, computers, etc.

The institution has well-defined procedures for maintaining and utilizing academic and support facilities. The central purchase and stock verification committee ensures that purchase team members follow the right procedures and that stock verification takes place periodically. The classroom, being the most important workstation, is managed with proper systems and procedures as suggested by the stakeholders. The classrooms are well equipped with all modern technology and CCTVs installed on each floor to ensure the safety and security of all students, teachers, and equipment.

Maintenance of equipment by lab technicians and the same verified by the Lab In charge and approved by HODs of the concerned departments. The calibration, repair, and maintenance of sophisticated lab equipment are done by the technicians and frequent AMC follow-ups. Library maintenance by the Librarian and his/her team who ensure the good condition of books, journals, magazines, regular bookbinding, daily newspaper, ejournals, a reference section, ICT, and digital section purchase of new journals and magazines as per stakeholder's inputs.

The physical Director and his team look after the maintenance of the equipment related to sports. The committee organizes various intra and intercollegiate-level tournaments. And ensures the student's participation and motivation. Maintenance of computers (Hardware and Software). Periodic updation of software related to the administrative and overall maintenance of campus infrastructure that includes

computers, copier machines, software, CCTV, Fire extinguisher, garden, security, powerhouse, STP, etc.,

### 5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

Leadership is a quality that is earned not with money but by the continuous implementation of hard work and trust in oneself. Every student has a skill that should be honed. With the help of the Student Leadership Council and under the guidance of his fellow student, every other student's confidence level and skill set can be improved.

A Leader should represent Team spirit and should lead them with an aura of positivity and charisma.

In the leadership council, all the policies, plans, procedural changes, and projects that should be ideated are brainstormed by the members of the Leadership Council.

Members of the leadership council are selected through a rigorous process.

Competitions and other various programs conducted in the fields of both education and academics can enlighten and entertain students, increasing the participation level of students.

Objectives of the student council:

- To help students earn and protect Individual Rights and Responsibilities.
- To Promote and Encourage the involvement of students in organizing Extracurricular activities.
- To Identify and provide a platform for improving the Technical, Communication, and Leadership skills of students.
- To provide real-life experiences in group development and human understanding.
- To provide essential suggestions to the management in Improving the Quality of campus life in the Institution.
- To help create a Holistic Learning Environment.

### 5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

SECE Alumni Association was registered in the year 2015. The Association is headed by the president of the Association and supported by the Head of the Institution. It has 7 Executive Committee members in the Association. Yearly once, the General body meeting is conducted and if necessary, the executive members will be replaced based on the decision taken in the meeting. Apart from the Executive Committee, it has faculty alumni coordinators department-wise and student alumni coordinators class-wise, and an Alumni chapter coordinator. The orientation is given to the final year student about the Association every year. The list of office bearers is updated every year after selecting the alumni student coordinator after the completion of the course. The Alumni website is established in 2016 and it is working well and updated on a daily basis. All alumni records are uploaded and updated by the Alumni whenever there are any changes in their profile.

The 9th Alumni Meet was held on 01/08/2021 and it was well planned by the college Alumni Association. Shri. R. Rajaram,

Director presided over the function, Dr. Sudha Mohanram, Principal and office bearers of the SECE Alumni Association were the Guest of Honor.

### GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

SECE is a self-financed autonomous institute. The statutory body of the institute - Board of Management, Governing Council, Academic Council, and Finance Committee are constituted.

Happy people are the most productive. The institute offers several welfare schemes for faculty and staff. The Office of Student Affairs helps students to resolve academic and personal problems.

Internal Quality Assurance Cell (IQAC) helps to improve the quality of academics and administration and enhances national visibility through accreditation and ranking.

To become world-class, an institute should be innovative and research-oriented. To facilitate a research ambience and innovative culture, a separate office of academic research was created on campus.

Without serving society, no research is complete. SECE participates in various social welfare schemes targeting the local community.

File Description	Documents
Upload any additional information	No File Uploaded
Paste link for additional Information	Nil

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

SECE has adopted decentralization, participative management, and empowerment in all academic, administrative, finance, research, and outreach activities.

There are different academic departments, the office of student affairs, the academic office, the IQAC office, the Office of academic research, the library, and the administration office headed by Heads of Department (HOD), Deans, and section heads. They are entrusted with the responsibility of maintaining high standards in academics, administration, and research. The periodic meetings organized at various levels ensure smooth communication among administrators, faculty, staff, and students and effective implementation of the decisions.

In academics, the faculty members decide on all matters right from the formulation of curriculum and syllabus to question paper setting and evaluation. To improve the teaching-learning process, feedback is obtained from the students through endsemester feedback.

SECE follows a decentralized approach to financial management. Deans and HODs have been given the power of sanctioning the money from the budget allotted to the respective department.

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

The strategic plan has been formulated in tune with the vision of the institute to groom students into globally acknowledged engineering professionals. One of the successfully implemented activities under national visibility is to improve the national rankings.

To be in the NIRF ranking and the best in the region.

Emphasis on publishing in Scopus-indexed journals.

Focusing on Product Development and IP generation.

Enhancing interaction with various industries for student internships and projects, consultancy, and industry-sponsored laboratories.

Nurture industrial collaboration to disseminate technical knowledge.

Uplift society by addressing local and regional technical needs.

Establishing Next Gen Centre of Excellence.

Securing projects from Government and Non-Government funding agencies.

Develop a collaborative relationship with leading institutions in India and abroad to accomplish mutual goals.

Ensure higher quality teaching, research, and extension services

Systematize the academic process in curriculum design, content delivery, assessment, and evaluation.

Introduce industry-relevant elective courses based on emerging needs.

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

The institution has a well-structured internal organization with clearly defined roles, responsibilities, authority, and Key Result Areas (KRAs).

The Governing Council and other statutory bodies like the Academic Council, Board of Studies, and Finance Committee ensure the smooth functioning of the Institution. The Management team comprising the Chairman, Director, and Principal meets the staff twice in an academic year to review academic and administrative functions. Standard service rules and well-established procedures for recruitment, promotion, and grievance redressal are available. The published rules including service rules, policies, and procedures of the institution are available on the college website. A published policy book is also available in the library and department office.

### 6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non-teaching staff and avenues for their career development/ progression

All the Teaching and Non-Teaching staff are paid based on the AICTE 6th Pay Commission. The following are the welfare measures for teaching and non-teaching staff.

Faculty appraisal is conducted with a structured form that counts on the performance and contribution of faculty in academic and other activities.

During the annual day celebration, awards are provided to the teaching & non-teaching members based on their performance.

For any medical need, a medical room is available on campus.

Free accommodation in the hostel for outstation employees.

ATM inside the campus.

Free Wi-Fi inside the campus

Provision for Provident Fund and Gratuity

50% Concession on transport

Free Lunch

Provision for Casual Leave, Medical Leave, Maternity Leave, Child care Leave, Vacation Leave, and Sabbatical Leave

Providing On duty for attending FDP, workshops, training

programmes, and National & International Conferences.

The faculty members who are pursuing Ph. D can avail On Duty to carry out any Ph. D related activity

All non-doctoral faculties are encouraged to get enrolled in Ph.D. programs at various Universities.

#### 6.4 - Financial Management and Resource Mobilization

##### 6.4.1 - Institution conducts internal and external financial audits regularly

Internal Audit is carried out by a team nominated by IQAC office and the reports are obtained prior to the conduct of the external audit which is normally done after the closure of the accounts. During the course of the Internal audit, all procedures are followed to regularize the accounts and to obtain confirmations for the credit balances, to collect documentary evidence wherever inadequate in respect of payments, compliances of T.D.S and statutory formalities and reconciliation of unit-wise balances with the control accounts and banks reconciliations External audit is done by statutory auditors after June 30 of every year. External statutory audit is conducted by the auditors and the final audit report with audit findings is submitted to the management. The consolidation of the findings of the Institution will be completed and the annual returns are submitted to all concerned authorities of the state and central governments. During the audit, the queries raised are addressed by the finance team and the rectification entries are made.

#### 6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

Financial planning and budgeting are an integral part of annual academic planning at the institute. The institute strives to mobilize resources through various avenues and utilizes the funds optimally for its activities in a systematic manner.

Sri Eswar College of Engineering is a self-financed institution, where the funds are generated through the fees paid by the students. The deficit is managed by taking advance from the parent trust. Additional funding is obtained through Research proposals, consultancy works from governmental & non-governmental agencies and industries. These funds are utilized for research and laboratory development. The other sources of income are alumni contributions and donations to the parent trust. The institute has a well-defined mechanism to monitor the effective and efficient utilization of available financial resources for the development of academic processes and infrastructure development.

The institutional budget is prepared by the Accounts department every year taking into consideration recurring and non-recurring expenditures. Accordingly, all academic heads are requested to submit the budget required for the subsequent financial year. Along with this, all coordinators of different cells viz., R& D Cell, Exam Cell, T&P Cell, etc. are instructed to submit their budget to the Account office. All the major financial decisions are taken by the principal and finance committee, and after discussions, the same are finalized.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

Different academic and skill development activities are conducted with industry experts for students through various Centres of Excellence (CoEs)

An exclusive Centre for Research and Development starts functioning in September 2021. The volume and quality of research activities can be enhanced only by constantly motivating the researchers with recognition in the form of awards and incentives. The details about the awards and incentives are published in the research policy.

Developed the process for seed funding and patent filing and made it available in the research policy.

Alumni of SECE provide technical and programming training to the students and guide the students in their projects and also a few alumni are Board of Studies members in different departments.

Quality of Teaching is ensured by reviewing faculty preparedness before the commencement of the course.

Academic Audit is conducted and suggestions are provided for improvement.

Seminars on OBE have been conducted to educate all faculty members on the concepts of OBE and the process of mapping and calculating attainment

An analysis of Outcome attainment is conducted by the departments after the results of the End semester examination

are published.

Faculty members are encouraged to publish in quality journals

Awareness programmes on OBE, Swayam-NPTEL, etc are conducted to create awareness among students and faculty on the emerging changes in Academia.

An exclusive building was constructed adjacent to the amenities centre for Medical Care on the ground floor and NSS/NCC on the first floor

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

Before the commencement of every semester, teachers prepare lesson plan and other activities to be conducted for the course. A question bank with answer keys is also prepared by the teacher. Also, the Course Outcomes (CO) are mapped to Program Outcomes (POs) and Program Specific Outcomes (PSOs) with appropriate relevance and due justification. These records are reviewed by a subject expert and by IQAC to ensure the preparedness of the faculty to take up the course. Class Committee meetings are conducted after every CIA exam and concerns expressed are rectified at the departmental level. Student performance in every CIA exam is analysed and measures to improve the same are being implemented immediately.

The IQAC institutionalized the process of reviewing the teaching learning process through students' feedback, outgoing students' survey, and academic audit. Students' feedback is used as an important tool to close the loop for the teaching-learning process. The feedback collected is analyzed and presented in the IQAC meetings. The meetings result in making recommendations for improvement in the learning experience of students.

Academic and Administrative audits are regularly conducted by

IQAC to review the academic and administrative processes of the institute. The guidelines for audit are prepared as per NAAC/NAB quality framework and a brainstorming session on the audit report is organized to review and recommend measures for quality enhancement.

**INSTITUTIONAL VALUES AND BEST PRACTICES**

**7.1 - Institutional Values and Social Responsibilities**

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

To promote gender equity on campus, Sri Eshwar College of Engineering takes various initiatives.

- Equal representation of all genders in various roles within the institution, including leadership positions, academic committees, and research programs.
- Human rights course is taught in the regular curriculum.
- Ethics is part of the curriculum, and students are taught ethical values to be practiced in their roles.
- Faculty are encouraged to take Universal Human Values (UHV), an initiative by AICTE. AICTE is orienting the academic fraternity towards inculcating Universal Human Values (UHV) in Technical Education.
- The entire campus is covered with CCTV cameras to provide security to inhabitants, particularly women.
- A lady doctor is available on campus for medical care during college hours, especially for female students, faculty, and staff.
- Common room for female students.
- Gender Sensitization programs for all students, faculty, and staff members.
- Women Cell is available on campus to create a gendersensitive and supportive educational environment where women can thrive academically and personally, free from discrimination and harassment.
- Women Cell provides counseling and support, addressing gender-based issues, creating awareness, and promoting women's empowerment.
- A Separate sports facility is available for girls hostel.
- A dedicated parlour is available for female students, faculty and staff members.
- Equal opportunities are given to girls and boys in taking up the role of class representative. In each class, there are both boys and girls class representatives.

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

**Solid Waste Management:**

All waste materials, like wrappers, glass, metals, paper, plastics, etc., are collected within the campus, used papers, and workshop scrap and given to external recycling agencies. Biodegradable and non-biodegradable wastes are segregated and disposed of by external agencies. Leaf litter is allowed to decompose systematically over a while and used as manure for the gardens within the institute.

**Liquid Waste Management:**

The liquid wastes generated on the campus include Sewage, Laboratory, Laundry, hostel, and canteen effluent waste. These wastes are treated through Sewage Treatment Plant (STP) on campus. The sludge settled in the STP is removed, dried on drying beds, and used as garden manure.

**Biomedical Waste Management:**

Sanitary Napkins from the girl's hostel are disposed of in an environmentally friendly way.

**E-Waste Management:**

SECE has entered into an MoU with "GREEN INDIA RECYCLERS", which buys our damaged computers and other non-reparable e-waste and issues a recycling certificate. The equipment which cannot be refurbished for re-use is dismantled and remanufactured into raw materials (i.e. metals, plastics, glass) to be marketed as recyclable. In the previous year, 206 kgs of e-waste were collected and sent to Green India recyclers.

**Hazardous chemicals and radioactive Waste Management:**

The laboratory waste water does not contain hazardous chemicals as all the acids are mixed with the base to form the neutral solution and released.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words).

Sri Eshwar college of Engineering is situated in the outskirts of Coimbatore city and admits students from various strata of the society and from different parts the Country. Most of the students come from rural backgrounds and are first-generation ones to take up college education. SECE has been

- Students of different regions study together without any difference of caste or religion.
- English, being the campus language, helps students from various states to adapt quickly.
- The food preferences of students from other states are also taken into consideration and provided in the hostel mess and the canteen.
- The management provides a huge number of scholarships every year to attract students from other states, poor economic backgrounds and students with sports achievements.
- To develop a multicultural and multilingual environment, the students from different states are put together while doing projects and other similar activities.
- Societal consciousness is inculcated among the students by adopting 5 nearby villages under the Unna Bharat

Abhiyan Scheme and providing a host of services, leveraging technology.

- Cultural events are conducted to create a bonding among the students from various states and also to provide an opportunity to exhibit their talents.
- German and Japanese language are offered to all students under autonomous stream since 2019.

7.1.9 - Sensitization of students and employees of the institution to constitutional obligations: values, rights, duties and responsibilities of citizens:

The institution has taken up the following initiatives to sensitize the students and employees to their constitutional obligations.

SECE has adopted five nearby villages and implemented Unnat Bharat Abhiyan (UBA), a flagship program of the Ministry of Education (MoE), Government of India since 2018. Dr. G. Karuppusami Dean R&I of the college & UBA Coordinator and Tamilnadu Agricultural University as Regional Coordinating Institute (RCI) of UBA program jointly organized development programs related to Solar Technology, environment, healthcare, education, and organic farming at the above villages for the past three years and conducted livelihood solar training program to aspiring candidates. Also, the college focused on providing better teaching facilities to the Government schools located in the above villages. As an appreciation, MoE recognized Sri Eshwar College of Engineering for the effective delivery of Unnat Bharat Abhiyan (UBA) under national level competition among participating institutes of UBA. and announced on 15th Aug 2020 by UBA National Coordinating Institute IIT Delhi. UBA provided perennial assistance of Rs 1.75 Lakhs to the college. The college has successfully completed the following projects at UBA-adopted villages and inaugurated the same on 12th Jan 2022. The Project "Design of Low-Cost Chaff Cutter for Rural Farmers" was completed and handed over to the former at Kothavadi, a small village located in Kinathukadavu, Coimbatore District on 24.04.2022. Mr. M.

Mahaboob, AP/ECE has undergone 90 days of NCC training at OTA KAMPTEE NAGPUR, and he has been commissioned as an Associate NCC officer with the rank of Lieutenant.

## 7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Providing the industry with deployable fresh engineers and thereby reducing their time, effort and cost of training has always been the priority for our institution. When a company recruits students in thousands of numbers, the training cost becomes prohibitive. As an institution, we felt that it is

our duty to provide the industry with deployable fresh engineers, as part of our placement commitment. The institution came up with the concept of Centre of Excellence wherein the students recruited by a company during the 7th semester are trained by the identified faculty members during the 8th semester on the curriculum as prescribed by the company. The Centre of Excellence Model was proposed to the industry and looking at its distinctive advantage, 4 companies came forward and have adopted this model. The institution is committed to train the recruited students in any technology as prescribed by the company. Where the institution does not have the capability to train the recruited students in technology, the faculty members are deputed to the industry to learn the same on a Train. The trainer mode, equip themselves, comes back and teaches the recruited students. The institution has been a pioneer in propagating the model of the Centre of Excellence since 2015. We started with one company and today work with 4 companies on this model. By working with industries on the COE model, the institution is able to attract more companies for recruiting its students.

### 7.3.2 - Plan of action for the next academic year

1. Sign more MOU with industries to fetch Industry Sponsored Projects, Internships, and providetraining.
2. Find the possibility of starting new programs
3. Strengthen the Research and Development Cell by increasing the number of publications and patent filing and receiving funded projects.
4. Motivate the student community to write research papers.
5. Strengthen the consultancy work in the institute.
6. Technical Project competitions, Innovation & Design Contests, and Hackathons are to be conducted by each discipline and students must be encouraged to participate.
7. Enhance the student internship/placement opportunities

8. Convert traditional classrooms into smart classrooms exclusively for 1st-year students for hands-on experience while taking theory classes.
9. Create modernized laboratories for emerging fields such as Artificial Intelligence, Machine Learning, and Data Science.
10. Conduct programmes to encourage and support students to start their own business ventures.
11. Conduct activities to hone the creative skills of students and provide a platform to display their creativity.
12. Initiatives for an eco-friendly learning space.
13. Conduct student-focused academic and skills development activities.
14. Enhance the quality of teaching, learning, and continuous assessment
