

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

Facility of updating the faculty database in ERP had been introduced, which helped IQAC in the faculty performance evaluation process.

Student feedback system is also introduced to collect feedback from all the students after completing a particular semester.

IQAC conducts audits during every academic year.

Internal Audit:

Internal Audit is carried out twice a semester before the start of semester and at the end of each semester. Last internal audit was carried out during Dec 2020 towards ensuring the readiness to take up the external audit.

The audit team concentrated the following parameters in teaching learning processes.

- Lesson & Course Plan.
- Academic & Department Calendar.
- Teaching and Learning Strategy.
- Initiatives for slow learners with proof.
- Additional programme arranged for fast learners with proof.
- Assessment methods / Student Evaluation
- Faculty Participation in various events.
- Student Feedback
- Stakeholders Feedback
- Stakeholders Satisfaction

Following are the audit findings and sample action taken report by individual departments.
