10.11 1 Admission Procedure

The institution is a self-financing institution, all the UG and PG programmes offered are self-financed. With reference to the admission, and fee structure the AICTE regulations and guidelines of Tamil Nadu government are followed. www.tnea.ac.in

10.11.2 Admission Process

Sri Eshwar College of Engineering follows the Tamil Nadu Engineering Admission (TNEA) process. As per the Government of Tamil Nadu norms, 65% of the admission is done directly by the Affiliating University under Merit Category and the remaining 35% is offered to institutions as Management Quota. Admission is purely based on merit cum reservation basis.

Government Quota - Through On line admission process as prescribed by the Government of Tamil Nadu

Management Quota – Through Consortium of Self Financing Professional, Arts & Science Colleges in Tamil Nadu.

10.11.2.1 Publicity

Admission notification is hosted on college Website and published in leading national/ regional daily newspapers, through stalls and banners in education fairs and through radio.

10.11.2.2 Transparency

The University follows on line admission (Counseling) based system to admit government quota students. Thus transparency is ensured from the stage of notification till the completion of the admission process.

Students are admitted as per the rules framed by the consortium of Self Financing colleges in management quota.

10.11.3 Admission made through Management Quota UG and PG Programs

For the Management Quota seats, the seats are allotted to the students as per the norms of Government of Tamil Nadu and on the basis of cut off marks.

Hence the Government quota students belonging to SC/ST, OBC, Differently Abled and Minority Community find a place in the admission without even a single case of denial.

10.11.6 Women

Since the Government Quota follows a single window admission system based on cut off marks in the qualifying exams, there is no special preference given to women.

SECE has seen a trend of girl students joining in good numbers with the current ratio of girls to boys being above 40% : 60%

10.11.7 Economically Weaker Sections

In order to make engineering education affordable to the economically weaker sections, SECE management offers merit scholarship for students from both Government and Management quotas.

10.11.8 Merit Scholarship for Government Quota

Cut off marks of above 190 – 100% tuition fee waiver

Cut off marks of between 188 – 189.75- 75% tuition fee waiver

The Government of Tamil Nadu bears Rs.25, 000/- (for accreditation courses Rs.27,500) of the total tuition fee payable every year by the student who is the first graduate in his/her family. To give a fair chance to the students from rural areas, Tamil Nadu Government has based the admission only on the marks scored in the qualifying examination.

10.11.11 M.E. Degree course

A pass in a recognized Bachelor's degree or equivalent in the relevant field and obtained at least 50% (45 % in the case of candidates belonging to reserved category) in the qualifying degree examination.

Candidates are selected on the basis of their performance in the common entrance examination (TANCET) conducted by the state and selected candidates are allotted to various colleges for admission. Details regarding the entrance examination are published in the newspapers well in advance every year. Candidates may also appear directly for admission to the College under Management Quota through Consortium of Self Financing Colleges. Appearing for entrance examination for these seats is a must and this entrance examination is conducted by the college on its campus.

- The departmental committee will monitor the evaluation process to ensure fairness and adherence to regulations.

3.0 Procedure for Awarding Marks for Continuous Internal Assessment (CIA) for Laboratory and Project Work

3.1. Continuous Internal Assessment and Evaluation of Laboratory Courses

This procedure ensures that laboratory courses and project work are evaluated systematically, with a focus on consistent monitoring and timely feedback. By including various assessment components such as pre-lab preparation, experiment performance, and project reviews, the evaluation process aims to assess the students' comprehensive understanding and application of their learning. The structure supports both individual and collaborative learning while fostering a research-oriented approach to project work.

For laboratory courses specified in the curriculum, the distribution of marks is as follows:

- **Continuous Internal Assessment (CIA): 60 marks**
- **Semester End Examinations (SEE): 40 marks**

The CIA for laboratory courses is evaluated based on the **student's performance during laboratory exercises/experiments and laboratory records**. The evaluation is conducted according to the components outlined in **Table 3.1** below:

Table 3.1: Evaluation Components for Internal Assessment for Practical Courses

Parameter	Marks
Pre-lab Preparation	20
Conduct of Experiment	25
